

# Installation Sheet

Read these instructions before commencing installation.

This fitting is Class II. Double insulated. No Earth required.

## Fitting supplied with:

- 1 x Start of run lead
- 1 x Luminaire (HF)
- 1 x T5 Fluorescent tube
- 1 x Diffuser
- 1 x Luminaire fixing kit

## Important Information

It is recommended that luminaires are installed and fitted by a qualified electrician ensuring the installation complies with current IEE wiring regulations & local building control. These products are designed for connection to a 240V 50Hz supply. Any broken or damaged parts should be replaced as soon as possible. JCC will not accept responsibility for any claims arising from a poor installation.

## Important User Advice

Always switch off mains supply before servicing, fitting or replacing lamps. Always check the lamp is correct for the application, including its voltage and wattage. This luminaire is suitable for indoor use only and should not be fitted to damp or wet surfaces such as freshly plastered or painted walls. Never exceed the maximum wattage. Ensure the lamp is correctly located in the lampholder.
